

Ridgeview Community Network[®] powered by Medica

COVERAGE THAT WORKS. FOR YOU.

Ridgeview Community Network provides a local, integrated care experience that's designed for one person: You. It lets you connect with providers you know and trust to meet your health care needs.

We work with those providers to make finding care as easy as possible for you. Plus we'll provide a Network Navigator to offer extra help when you need it.

An experience you'll love

- **Direct access** to any primary or specialty care provider in the Ridgeview Community Network, no referral needed.
- **Network Navigators** to answer questions about your providers, connect you with care, and work closely with Medica as your advocate.
- **Convenient Saturday morning** appointments at select clinics.
- **Ridgeview eCare**, which lets you get an online diagnosis, treatment, or even a prescription if you need one.
- **MyChart, a secure online portal** that lets you direct message your provider, schedule or request appointments, view most test results, and more. Sign up at RidgeviewMedical.org/MyChart.
- **Free home delivery of prescriptions.** Find participating pharmacies: RidgeviewCommunityNetwork.org.

And if you're a parent, even better: It covers your children when they're away at school. Emergency care services for students seeking care outside the ACO service area but within Medica's service area will be covered at the in-network benefit level. For other health care services, they will need to access care from a Ridgeview Community Network provider for in-network benefits to apply.

Get the most value by staying in-network

Remember to see providers in the Ridgeview Community Network. If you get care outside the network, your costs will be much higher. You can find network providers here: [Medica.com/FindCare](https://www.Medica.com/FindCare) and select *Ridgeview Community Network powered by Medica*.
